**STATE UNIVERSITY OF NEW YORK
DELHI, NEW YORK**

STATE UNIVERSITY OF NEW YORK

The State University of New York was founded and established by the State Legislation in 1948. In total there are forty-two colleges throughout various sections of the state. Twenty-eight are state sponsored and fourteen are locally-sponsored community colleges. Each year the number of applicants doubles and triples, therefore, there is a constant drive toward the expansion of facilities and broadening the scope of the many curriculums offered. The main purpose is to improve and extend opportunities for youth to continue education after high school, as the State University motto is: "Let Each Become All He is Capable of Being."

DEDICATION

Mr. Harold L. Cook has devoted long hours of service and knowledge to our campus for several years. We were fortunate in having a man on our faculty instructing us in the English and Business Departments with a fine background such as his, as he is an accomplished author, instructor, and held various positions in the field of industry in personnel work. The benefits we have derived from his instruction will be appreciated by us for many years to come.

This is Mr. Cook's final year on our campus where he has filled the position of Division Chairman of the Business Department since September of 1960. He is taking up permanent residence in Mexico at the close of this school year. We then in gratitude, dedicate to you, Harold L. Cook, this our 1961 yearbook. We wish you the very best in your new home.

LOCAL COUNCIL

FIRST ROW, L. to R. Miss Laura Treyz, Ralph Higley, Dr. E. O. Bush, Dr. W. R. Kunsela, Mrs. Lucy S. Johnson; **SECOND ROW**, Allen Joslin, Ivan Miller, Ralph Clark, Roswell Sanford, Fred Murphy and Paul Eaton.

In accordance with the provisions of the New York State Education Law relation to State University, the Delhi Agricultural & Technical Institute is supervised locally by a council consisting of nine members appointed by the governor. These people serve for a term of nine years, and their main function is to review all major plans of the head of the institution for its more effective operation.

ALUMNI COUNCIL

ROW 1, L. to R: B. Raymond, R. Clark, C. Blade, A. Wood, F. Clark, S. Harper, J. Sliter, **Pres.**; G. Guttidge, W. Waite, Advisor; R. Coles, L. Perini.

The alumni council is made up of twenty-seven alumni, each of whom is a representative of his Senior Graduating Class.

Its main purpose is to support the E.W. Thurston Student Aid Fund.

OFFICE OF THE PRESIDENT

To the Class of 1961:

With each passing year this copy of Fidelitas will take on increasing significance. As you assume new and challenging responsibilities the nostalgic sentiments associated with college life and commencement will fade quickly into the past. Your yearbook, however, will help recapture many precious memories of events, places and friends. So treat it with care and respect because one day you will consider it among the fondest of possessions.

A Delhi Tech alumnus, however, does not live in the past. The faculty and administration expect that you will face the future with the same determination and vigor you have repeatedly demonstrated in resolving your academic problems as a student. No matter how successful you become we expect that you will always remain a student. We expect that you will continue to seek new competencies and feelings. We expect that you will search for opportunities to challenge your creative and productive capacity. These are among the important characteristics of sons and daughters of Delhi Tech who have gone before you.

It is with confidence and with great expectations that we bid you farewell!

Sincerely yours,

William R. Kunsela
William R. Kunsela
President

Mass confusion begins each September on our campus. The Senior students are busily putting their best foot forward trying to impress the new Juniors and make them feel welcome in their new home.

More confusion comes about as the Juniors are dazed by the flock of wonderful organizations that are being waved in their faces for their approval and future membership.

The first few weeks are trying but it soon passes into a smooth operating and happily received atmosphere. New friends are made, new experiences encountered, and certainly a new type of living condition presents itself, also.

Now you are all ready to travel together through the three seasons. You will spend on the flavor of the small campus here at Delhi: As you thumb through the following pages of this book you will find yourself recalling that "feeling" you had the first weeks of Fall. Now it is all in the past. Use this book as a guide for even happier days in the future.

SENIOR ORIENTATION COMMITTEE

ROW 1, L. to R.: A. Powell, J. Mares, E. Richardson, J. Yenson, J. Beland, C. Dibella, I. Kotarski, M. Lane. ROW 2: Mrs. Fredericks, R. McDowell, M. Young, J. Klebert, S. Leadbetter, A. Adams, B. Briggs, S. Hulbert, J. Thi-

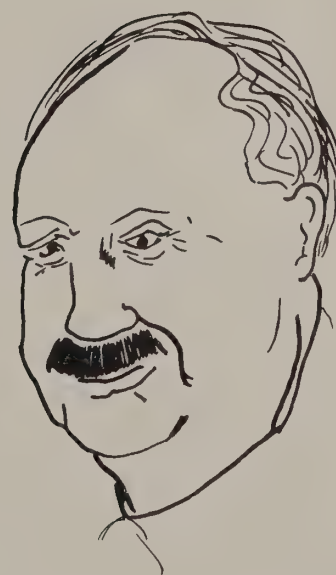

bault. ROW 3: E. Slater, J. Cerio, H. Rosenbaum, J. VanHoesen, D. Vandermeer, T. Matrick, F. Winch, G. Reynolds.

The senior orientation committee is organized in the spring of the junior year. It is composed of interested persons who wish to make the orientation period a more informative and enjoyable one.

The activities sponsored by senior orientation committee were as follows: Song fest and skit night, bonfire, faculty-student coffee hour, freshman mixer, and chicken barbeque.

Mrs. Fredericks

HOUSING

T. G. House

The men of Theta Gamma have been residing here since 1958. This was the first fraternity house to be used on our campus. In previous years it had been used by the school for various purposes.

The brothers have since done a magnificent job of redecorating the home and donating long hours converting the basement into a fine recreation room.

Ma Henderson

Psi. D. House

The Allen house is being used as a fraternity house by Psi Delta Omega for the first time this year, beginning the second quarter.

This large, beautiful home will serve as excellent living facilities for the Psi D men. They can be very proud of their newly acquired possession.

Built in 1856, Academy Hall provides an interesting and historical atmosphere for the men residing there. It is the only men's dormitory on campus, therefore, the majority of the men in the junior class are housed there.

Mr. Grant

Under the supervision of Mr. George Grant, "A" Hall life is both exciting and pleasant.

Living up to its name, Academy Hall is also famous for the academic achievement manifested by its occupants.

HOUSING

BROOKSIDE DORMITORY

Mrs. Smith

Filled to overflow with seventy girls is Brookside Dormitory, the larger of two women's residence halls at Delhi Tech.

Mrs. Smith is the house mother to whom we go for assist-

ance with our problems, be they large or small.

It is here that we learn to live with others, sharing both experiences and personal possessions.

FOREMAN HOUSE

Mrs. Bisbee

Foreman House was donated by Janet Foreman in August of '57. There are now forty-three girls living in the house; composed of Juniors and Seniors. It is under the roof of this quaintly

constructed building that friends are met, problems debated, and intensive strain is placed on study.

Farrell Hall

Ladd Hall

Activities

FALL FESTIVAL WEEKEND

The crowning of the King and Queen for the Fall Festival came out a tie between Kappa Sig's candidates; Judy Klock and Jerry LaForge and Tri At's candidates; Pam Bell and John Stickney.

Being the first "all-out" weekend on campus each year the Fall Festival is always received in a big way.

Action gets under way Friday night when the organizations create skits for the amusement of the entire student body. This years slate of entertainers performed very well and delighted the large receptive audience that attended. Two specialty acts were added for variety, one a song and dance routine put on by the "A" house boys, and the other "An Experiment In Percussion!" by Jim Cerio on the drums.

Saturday night features the main event of the weekend. Pi Nu Epsilon's presentation of "Autumn Paradise."

A great deal of planning and team work went into the beautifully decorated and capacity filled ballroom that evening.

Here the King and Queen of the Junior class are crowned to round out a perfect fun filled evening.

Competition in the form of tug-of-wars, and soccer are also part of the daytime activity of this weekend.

FORUMS

Ex-Governor Harriman

During the Fall, Delhi Tech had the first two of its series of forums, sponsored by the Social Science Department.

The first of the two speakers was former Governor Averell Harriman who spoke from the Democratic point of view on the election. He gave reasons why America should elect Senator Kennedy in the election.

The second forum heard United States Senator Kenneth Keating give the Republican side of the picture. The senator gave the plank of the Republican Party in the election.

By means of the forums, the students were able to get a better picture of the election.

Senator Keating

SPECIAL ACTIVITIES

The special activity of the Fall quarter was two dances and skits presented by the second floorsmen of Academy Hall. The proceeds of these two programs were donated to the scholarship fund.

Kappa Sigma Epsilon sponsored a Jazz Concert on November 22, featuring the music of the Jim Cerio Quartet.

ADMINISTRATIVE CHANGES

Acting President Kennaugh

In January 1961 President Kunsela was appointed Chief of the Israeli Project conducted by the Research Foundation of the State University of New York. This project is operated in conjunction with the International Cooperation Administration of the United States Government. Its principal purpose at this stage is to develop a system of higher education in Israel through the coordination of existing college and university facilities and the organization of a land grant college.

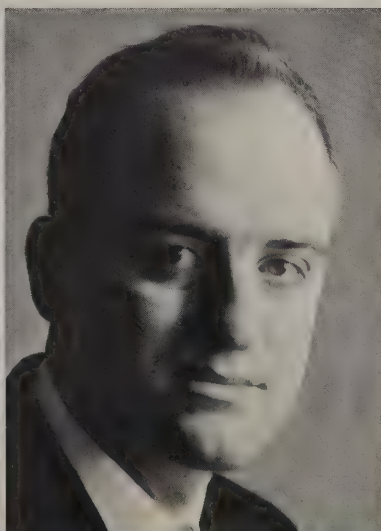

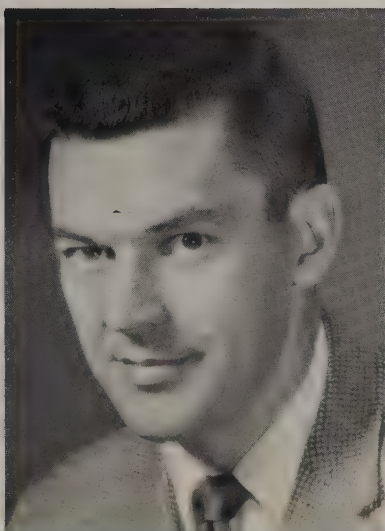

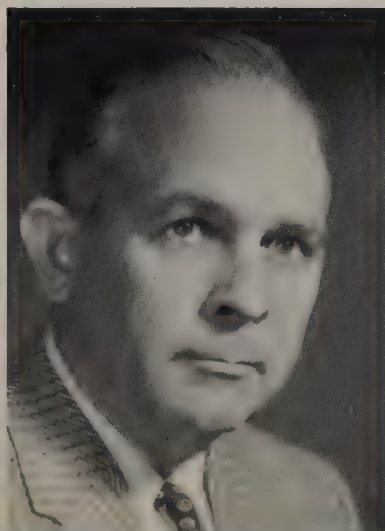

On January 25, Dr. Kunsela left Idlewild Airport in New York City with his wife and three children for Tel Aviv, Israel. Dr. Kunsela was granted an eighteen month leave of absence in order

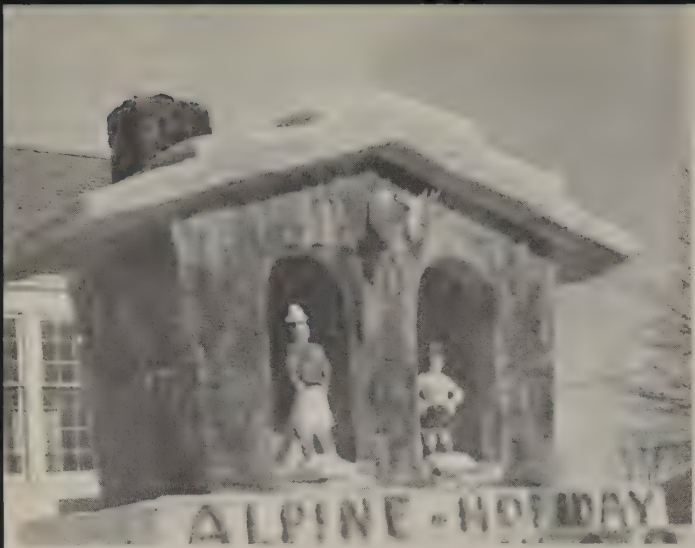

to accept the appointment to the Israel project. Upon recommendation of the Institute Council and by action of the Board of Trustees of the State University of New York, Dean William Kennaugh was appointed Acting President of the college for the period during which Dr. Kunsela would be in Israel. In order to take care of necessary administrative duties President Kennaugh appointed Professor B. K. Sommers, Chairman of the Construction Division, to the post of Acting Dean of the College, Professor P. C. Clifford to Acting Chairman of the Construction Division and Darrell Singer as Professor of Construction to replace Professor Clifford.

Acting Dean Sommers

Chairman of Construction
Professor Clifford

Professor of Construction
Darrell Singer

When winter comes to Delhi, thoughts change as rapidly as the temperature. Which Greek letter organization to rush? Which new resolution should we try to pursue in regards to new study habits? How are we ever going to learn to ski down that hill?

Winter in Delhi offers the most activity of the school year. We are in a constant turmoil and find ourselves faced with the near important decisions such as: Who shall we ask to the Winter Carnival? Which part shall we try out for in the play? How long do we have to work on that snow sculpture? Of course, our studies are of major importance and for many of the seniors a great deal of pressure must be applied if they are to receive the reward in the spring that they have been striving for so long.

It might be cold, but no one seems to notice. It might seem long, but that has no significance either. Along with all this, there is still a great deal of beauty around us during the winter months. This cannot be matched, for its splendor as a Winter Wonderland certainly provides food for thought.

DEL-TE-DRAM

The Del-Te-Dram Society was formed for students interested in acting and other phases concerning the presentation and direction of plays.

A three-act play is the major project of Del-Te-Dram, presented at Winter Weekend. This year's play was "My Three Angels" a gay comedy.

Mrs. Humphries, the advisor, casts and directs all productions.

One act plays, for the student body, and radio plays are also being considered for future presentation.

 Make-up Mary Besser, Donna Spiegel
 Director Mrs. Bonnie Humphries

The first production of the year, "My Three Angels" was very successful as its three acts delighted those who attended January 26, 1961.

It was a gay, fast moving comedy dealing with the antics of three convicts who plan a wonderful Christmas for a frustrated French merchant and his family. Their Christmas, however, involved a little more than the usual because it included two murders—not bad murders, nice, dutiful murders.

The society has two more productions planned for the year, a one act and possibly another three act.

SITTING, L. to R.: H. Pianin, E. Smith, J. Cerio, A. Adams, E. Kaczynski. **2nd ROW**: R. Palmer, M. Besser, M. Morris, A. Geer, J. Knapp, N. Hammill, T. Deignan. **3rd ROW**: J. Willows, J. Isacson, M. Jones, H. Kellett, A. Cohen.

Fidelitas, our college yearbook, is a pictorial record of our years at Delhi Tech. It is a book that we will enjoy looking through for years to come. Both Seniors and Juniors comprise the Editorial Staff which is totally responsible for this student publication.

SITTING, L. to R.: B. Cornell, S. Hulbert, N. Dubyniak, A. Shaver. **2nd ROW**: J. Plassche, A. Powell, M. Bezon, M. Jacobs, M. Young. **3rd ROW**: B. Briggs, F. Rizzo, T. Borek, A. Cohen, G. Gray.

ORACLE

OFFICERS: F. Rizzo, Co-Editor; S. Hulbert, Editor.

The ORACLE, the campus newspaper, is published by and for the students of Delhi Tech. In addition to serving as a record of campus activities and events, the ORACLE also serves as an organ of the Alumni Association.

Although only 600 copies of the ORACLE are distributed on campus, over 2500 are sent out to alumni, parents, and friends of the college.

The Horn and Hoof Club is composed of a membership of students who are interested in livestock farming. Many of these students are majoring in the field of Animal Husbandry although any student of the institute is eligible for membership.

A program of eight monthly meetings is held during the year. The meetings are held on the second Tuesday evening of each month. Each regular business meeting is followed with an interesting educational program. The speakers at the meetings are representatives of feed companies, artificial breeding technicians, herdsmen, veterinarians and others from allied fields of agriculture.

The club sponsors an annual dance and also sponsors the annual Little National Dairy Show which is a contest in fitting and exhibiting dairy cattle from the Institute herd. This competition is held currently in conjunction with the "Open House" program.

DAIRY CLUB

The Dairy Industry Club was founded in March, 1948. The club provides its members an opportunity to deal with problems of Dairy Management and Sanitation on an extra-curricular basis. This is accomplished through industry speakers, plant visitations, and contacts with other similar groups. One of the highlights of club program is its annual club banquet which is sponsored by the Catskill Mt. Milk Sanitarians Association and conducted by the Dairy Club members.

The Student Council is a representation of all major campus organizations created to meet the following objectives: To hear and convey student grievances; To make suggestions and advise the administration; To promote a closer relationship between the faculty and students; To foster and promote new organizations and social activities.

The president and his executive committee are elected by the student body. The Student Court is composed of a Chief Justice elected by the student body. The court has jurisdiction over traffic violations and minor infractions of student rules and regulations. They may also refer cases to the Dean of Students for action by the Student Personnel Committee.

Student Union at Delhi is a campus-wide student organization, the purpose of which is to introduce and sponsor activities, programs and services for the benefit and enjoyment of the student body and community. The Student Union was organized in the Fall of 1956, and is a member of Region II of the Association of College Unions.

Most of the Student Union activities are held in the Student Center, which provides a haven from quizzes and schedules, a place for all to meet others, enjoy programs and services and in which to relax. Television, billiards, games, record dances, jukebox and hi-fi music, faculty-student get-togethers are some of the facilities and programs provided by Student Union. Co-operating with other student organizations, the Union also sponsors plays, concerts, exhibits and lectures, which are of interest to both campus and community.

Green Key Honor Society is a society formed for the purpose of giving proper recognition to those students who have attained high scholastic standing and also to promote scholastic endeavor among our students. Green Key was founded in the Spring of 1956 by Mr. E. A. Smith who deemed it necessary for such an organization to start. Green Key Honor Society performs tutoring service, acts as guides for Open House and other occasions.

The Brandeis Fellowship is the Jewish students' organization on the Delhi Tech Campus. Founded in 1959, the Brandeis Fellowship provides for the religious, cultural, social and inter-faith needs of Jewish students. During the past year, the Fellowship has arranged for the appearance of Rabbi Alvin Roth of the Temple Beth-Emeth of Albany, co-sponsored the "Snow-Flake Ball," with the other campus religious organizations, presented a talk by Professor Charles Youmans of Hartwick College on "Psychology and Religion," celebrated Jewish Music Month with a dance festival, and showed films on topics of interest to its members.

NEWMAN CLUB

OFFICERS: Seated: J. Yenson, **Treas.**; R. Slivinsky, **Pres.**; J. Klebert, **Co. Sec.** STANDING: Rev. J. J. Minehan, **Chaplain**; M. Young, **Hist.**; T. Hyer, **V. Pres.**; T. Matrick, **Student Council Rep.**

The Newman Club is an organization of Catholic students attending secular colleges and universities. The basic purpose is to deepen the spiritual and enrich the temporal lives of the members through a balanced program of religious, intellectual, and social activities.

While Club membership is limited to Catholic students, non-Catholic students are at all times welcome to participate in social activities, attend classes in religion, retreats and other phases of the spiritual program.

Regular meetings are held the second Tuesday of the month. Off-campus activities include spiritual retreats, corporate communions, sponsorship of Catholic Youth Organization social activities, catechetical instruction, participation in regional conference with sixteen other college and university Newman Clubs in upstate New York, as well as dancing and swimming parties.

STUDENT CHRISTIAN ASSOCIATION

1st ROW, L. to R.: M. Jones, G. Gray, S. Brainard, K. Duncan, R. Hammer.
2nd ROW: B. Rutenber, N. Clausen, P. Bell, P. Swedberg, R. Curtis. 3rd ROW:

SEATED, L. to R.: S. Brainard, Sec.; D. Clark, Pres.; K. Duncan, Vice Pres. STAND-
ING: G. Gray, Vice Pres.; Mr. Miller, Advisor; Mr. R. Kopecek, Advisor.

The Student Christian Association is a fellowship of men and women who seek to gain more perfect understanding of the Christian faith and increased skill in living the Christian life. It is affiliated with the Inter-Collegiate Student Christian movement in New York State. It is open to any student of the college who subscribes to the purpose of the Association.

One of the decisions confronting every college student is the matter of vocation. For every Christian, the decision must be in terms of a Christian vocation, whether you look forward to being a doctor, farm manager, or business representative. It is the purpose of Canterbury Club to lend its abilities to the task of aiding students in the evaluation of their Christian vocation, and in turn create purpose for these years spent in study.

CANTERBURY CLUB

SEATED, L. to R.: Ann Cook, Sec.; Ray Hallock, Pres.; R. Kuhn, Vice Pres. STANDING: Father Homer, Mr. H. L. Cook, Advisor; Ronald MacDonald, Treas.

HOTEL CLUB

The club is made up of students majoring in Hotel and Resort Management. The members participate in a number of tours to hotels each year and are responsible for planning and carrying our Open House displays for the hotel field.

Gourmet Club membership is comprised of Hotel and Food students enrolled at Delhi.

Our plans for the year are: to hold three dinners prepared by a committee chosen from the membership and attended by

the membership.

The first was held November 19, 1960 and was Polynesian style; the second will be held February 11, 1961 and will be Italian style; and as yet plans or a date have not been set for a third.

We have heard lectures on gourmet cookery and hope to obtain movies on this in the near future.

PI NU EPSILON

Pi Nu Epsilon Sorority, Gamma Chapter, was organized in the Spring of 1958, in affiliation with the Beta Chapter at Alfred Tech. Pi Nu Epsilon was introduced and accepted as the first sorority on Delhi Tech's campus. It is a sister sorority of Delta Theta Gamma Fraternity.

The sole purpose of Pi Nu Epsilon is to promote a feeling of good will, to establish loyalty, sincerity and truth among sisters, and to be true in all college functions.

ner, W. Jack. 4th ROW: F. Jackson, F. Rizzo, R. Langey, P. Coleman, B. Reynolds, W. Ruth.

Mrs. Henderson
Housemother

DELTA THETA GAMMA

Delta Theta Gamma was founded at Harrison Lodge, at St. Lawrence University, Canton, on January 1, 1912—in 1920, the Delta Chapter was installed at the Delhi Institute.

Theta Gamma still upholds the same principles and ritual that it had when it began in 1920. It pledges men not for their wealth, rank, or honor, but for their personal worth and character.

TG's main purpose is a strong tie on unity among the brothers, which is necessary for a successful fraternity.

In September of 1958, Theta Gamma Fraternity here at Delhi, began experiencing a new concept of fraternity life. The Fraternity now resides at the former Davis House.

The activities of T.G. are many during the school year, some of which are an annual frosh party, and the spring weekend.

1st ROW, L. to R.: D. Coleman, Sec.; G. Thibault, Vice Pres.; D. VanDermeer, Pres.; G. Reynolds, Treas. 2nd ROW: J. Frandsen, House Manager; V. Leone, Pledge Master; P. Parsons, Historian; E. Bielke, Steward; W. Ruth, Sgt. at Arms.

3rd ROW: F. Skinner, Chaplain; F. Rizzo, Social Director; R. Langey, Student Council Rep.; T. Matrick, Cor. Sec.

1st ROW, L. to R.: G. Haag, J. Barnard, M. Hanson, D. Haggerty, E. Kaczynski, S. Beers, L. Bogardus. 3rd ROW: D. Greywood, H. Vogelsohn, J. Caparrotti, J. Dedman, Mr. Segware, Advisor. 2nd ROW: B. Slivinsky, G. Greer, G. Potter, W. Roberts, F. All.

Psi Delta Omega enjoyed a most successful year in 1959-'60. As a fraternity organization, the brothers of Psi Delta Omega strived to achieve high academic and social standards. The brothers wholeheartedly participated in school functions and other extra-curricular activities.

The goals of Psi Delta Omega are high and the social prominence is appreciated.

PSI DELTA OMEGA

Kappa Sigma Epsilon is the newest fraternity on campus, as this is their first year functioning and therefore they have been extremely busy establishing and setting up policies. To gain a position of equal rank with the other fraternities on campus, they have sponsored a jazz concert and dance and worked hard gaining rank in other competitive events on campus.

Plans for the future prove to broaden the activity of the school and provide the students with variety of entertainment for the benefit of all.

TRI-ATELIER

The Tri-Atelier Society of constructioneers is an organization of construction students of the Delhi campus. Its purpose is to promote the progress and technical development of students of construction, and to recognize and develop leadership. The organization's program emphasizes professional activities and objectives rather than social functions. Meetings with experts and eminent practitioners in the construction industry, technical movies and discussions, and field trips comprise the basic activities of Tri-At.

One major function of a social nature is sponsored each year. This is the traditional "Builder's Ball," the feature event of the annual Winter Carnival Weekend.

All students majoring in Construction Technology who have a scholastic index of 2.25 or better are eligible for membership.

SEATED, L. to R.: D. Francis, Vice Pres.; G. Fulton, Pres.; R. Fenocchi, Treas. STANDING: W. West, 2nd Vice Pres.; H. Pierce, Sec.; D. Paolo, Chaplain; D. Wood, Photographer.

PHI BETA LAMBDA

The purpose of the Delhi Chapter of Phi Beta Lambda is to develop competent, aggressive business leadership, and to create more understanding and interest in choosing business occupations.

The Club will try to strengthen the confidence of its members in the development of individual projects, and in establishing themselves in business. And last, but certainly not least, the Club will attempt to prepare its members to become the Future Business Leaders of America.

SEATED, L. to R.: V. Leone, Treas.; S. Hulbert, Pres. **STANDING:** L. Williams, St. Coun. Rep.; B. Rutenber, Sec.; J. Klebert, Reporter.

CHRISTMAS DANCE

The brothers of Theta Gamma sponsored a dance, "Winter Set," with the Ted Stevens Orchestra just prior to Christmas. It was the first time that any organization had sponsored a semi-formal dance on campus, other than the major weekends.

The decorations put everybody in the mood of the season as they were very beautifully done. Gerry Reynolds was chosen Brother of the Quarter, and this honor was bestowed upon him during the dance. A cocktail party was held for the brothers and their dates before the dance. "Winter Set" was a fine success and was enjoyed by all who attended.

DR. KUNSELA'S FAREWELL RECEPTION

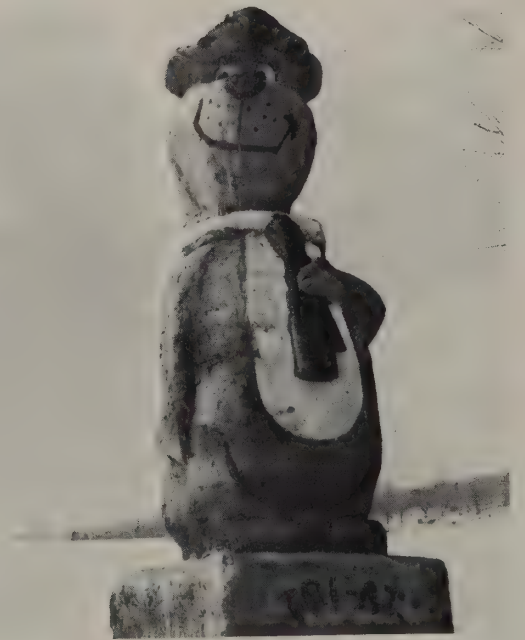

A bon-voyage reception for Dr. William R. Kunsela was held in the student lounge on Thursday, January 14, 1961. It was co-sponsored by the Student Union and the catering class.

Dr. Kunsela has been appointed as chief of the State University Technical Assistance Project in Israel. His appointment began January 26, 1961. The tour of duty will last approximately eighteen months, and Dr. Kunsela expects to return in September of 1962.

At the reception Kappa Sigma Epsilon presented Dr. Kunsela with a check for three hundred dollars to establish a Dr. Kunsela scholarship fund.

WINTER

WEEK END

Tri-Atelier sponsored the Builder's Ball Saturday night, January 28. The theme of the ball was "Northern Lights." A king and queen were selected at the dance. This honor was bestowed upon Daniel Francis and Jo Gudell. They were seated on a platform which was housed in an immense star. Each was presented with a gift; the king, a gold cuff-link set and the queen, a sterling silver bracelet. Both gifts were engraved with the Tri-Atelier emblem. The band was situated on a platform several feet above the floor level. Linus Houck supplied outstanding music with his seven-piece orchestra.

The big event of the night was the awarding of the snow sculpture trophies. There were six organizations entered in the contest. The theme of the sculptures was "Silhouettes in the Snow." There was a two-week period given to construct the sculptures.

Delta Theta Gamma constructed a lone horse rider. A large mountain appeared in the background and with the use of lights, a shadow was cast upon it.

Psi Delta Omega's entry consisted of a mill with a water wheel. Special effects included sounds from within the mill and the turning of the water wheel.

Pi Nu Epsilon did a tremendous job of sculpturing miniature figures with a pot of gold. It was colored in a brilliant yellow and black.

Kappa Sigma Epsilon erected an enormously high figure of Rip Van Winkle with the use of pole scaffolding. Besides being brilliantly colored, it also featured sound effects.

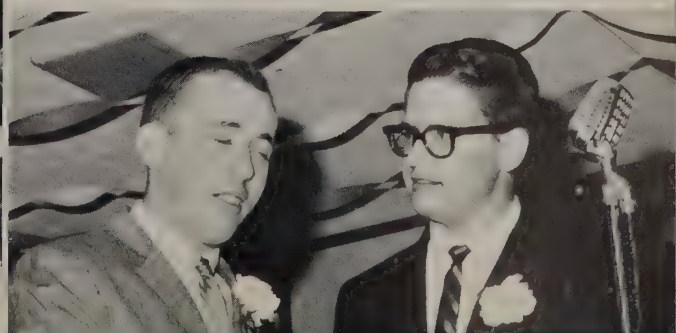

Women's Student Government also made a sculpture which pictured a ski slope and skiers.

Tri-Atelier Professional Fraternity made a sculpture of "Yogi Bear." The bear seemed to be the main attraction of the week-end. The body of Yogi was carved from a solid block of ice which was estimated to weight well over 10 tons. The head was constructed on the ground and raised to the top of the body by a car wrecker equipped with a 35 ft. boom. Due to undersize supports the crane bent and luckily eased the head down on the pole which projected above Yogi's body. The County Dept. of Highway came to the rescue and with the help of Tri-At's members, the crane and the moral support of the on-lookers, the head was put in place with only slight damage.

The results of the sculpture trophies were in the following order: 1st place, Delta Theta Gamma; 2nd place, Kappa Sigma Epsilon; Honorable mention, Tri-Atelier and Psi Delta Omega.

This year the snow sculptures were the greatest ever constructed on the Delhi Tech campus. Despite the sub-zero weather, all organizations worked full time and sometimes late at night on the sculptures. A steady flow of on-lookers paraded the campus to admire the exceptionally well-constructed sculptures.

Despite the tremendous activity of the major weekend, Tri At's 89 brothers held a cocktail party at Meredith Inn. The professors of the construction division and the presidents of all fraternal organizations were invited to attend. A tremendous turnout of over 60 couples evidenced the success of this event.

COMPETITION

Every year the Student Union sponsors Competition Weekend. This is one of the biggest events on campus, and has the greatest student participation of any other event.

This year something new was added — a talent show. It was held on Friday night February 22. Acts were performed by many campus organizations, and while the judges were deciding upon the winners, Del-Te-Dram presented a short one act play.

The activities included in Competition were; the talent show, bowling, skiing, skating, ping-pong, shuffleboard, volleyball, chess, checkers, bridge, checkers, riflery, pancake toss, egg throwing and tug of war.

On Saturday, Psi Delta Omega presented a dance, Blue Hawaii, with music furnished by the Mark Masters.

An important feature of Competition Weekend is that both individuals and groups have an opportunity to compete in the events.

WEEK END

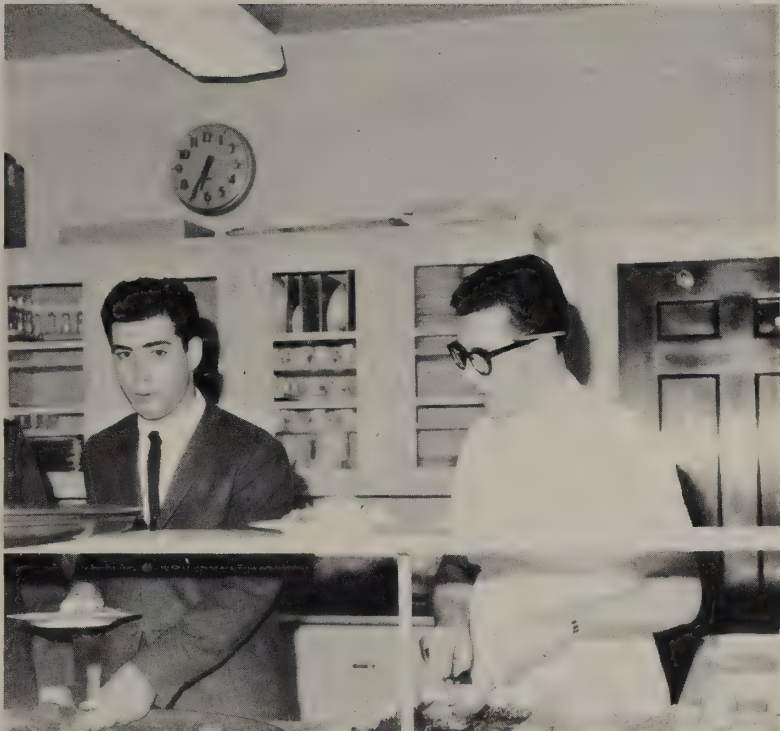

UNITED NATIONS TRIP

On February 9th and 10th, 1961, twenty-one members of Professor Kruger's class in International Relations attended the third annual Delhi Tech Seminar on the United Nations at U.N. Headquarters in New York City. During their two day stay at the U.N., Tech students met with top United Nation officials, the representatives of the United States, India, and Tunisia to the United Nations, had a two hour talk with Mrs. Franklin D. Roosevelt, toured the U.N. building, dined in the Delegate's Dining Room and attended U.N. meetings.

CATERING

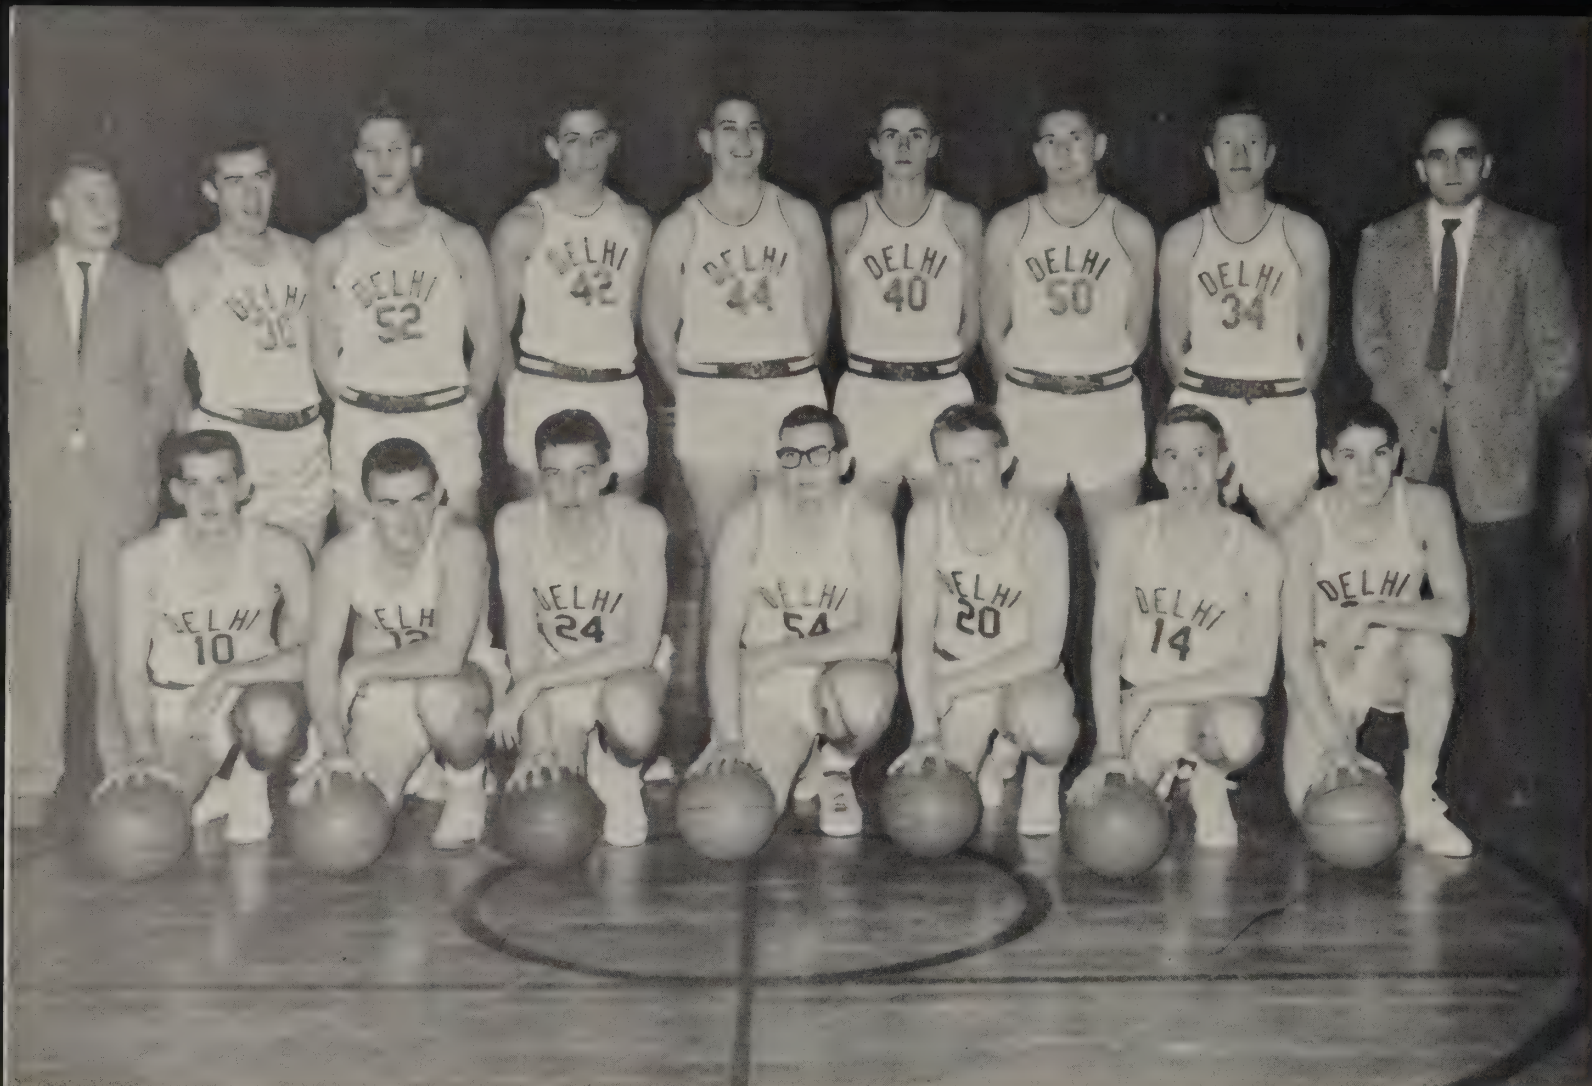

Feeding the public is one of the largest businesses in the country. It is also one in which failures occur, principally because of the lack of ability to manage profitably.

Despite this, there are many well trained people who find it a stimulating and challenging occupation.

The Hotel Management and Food Administration Seniors have, as one of their major projects, a course in catering. In this course the students have the opportunity to plan, prepare and serve a wide variety of banquets catering to various types of clientele. Through the management and supervisory experience they gain much insight into what it takes to operate a food business profitably.

Catering is a rewarding experience in learning to cooperate with others and in hearing the plaudit of happy customers.

ROW 1, L. to R.: L. Castellucci, C. Robinson, G. Ziegler, H. Leake. ROW 2: J. Clark, J. Puccia, T. Story, Coach Fierro.

This is the first year that wrestling has been included in the intramural sports program at Delhi Tech. The team which consists of seven members engaged in practice scrimages with Oneonta State and Hartwick.

The team journeyed to Farmingdale to compete for the Junior College Wrestling Championship.

SPRING

The thaw of the remaining crust of the Winter's snow rapidly trickles into the Delaware River. The slopes, where skiers only a few weeks ago were happily gliding over a blanket of white, are now turning a brilliant green.

As the weather changes, so do the thoughts of the students. There are only a few weeks left. For some it is a sorrowful occasion. For others it brings an excited anxiety with the anticipation of the summer months ahead.

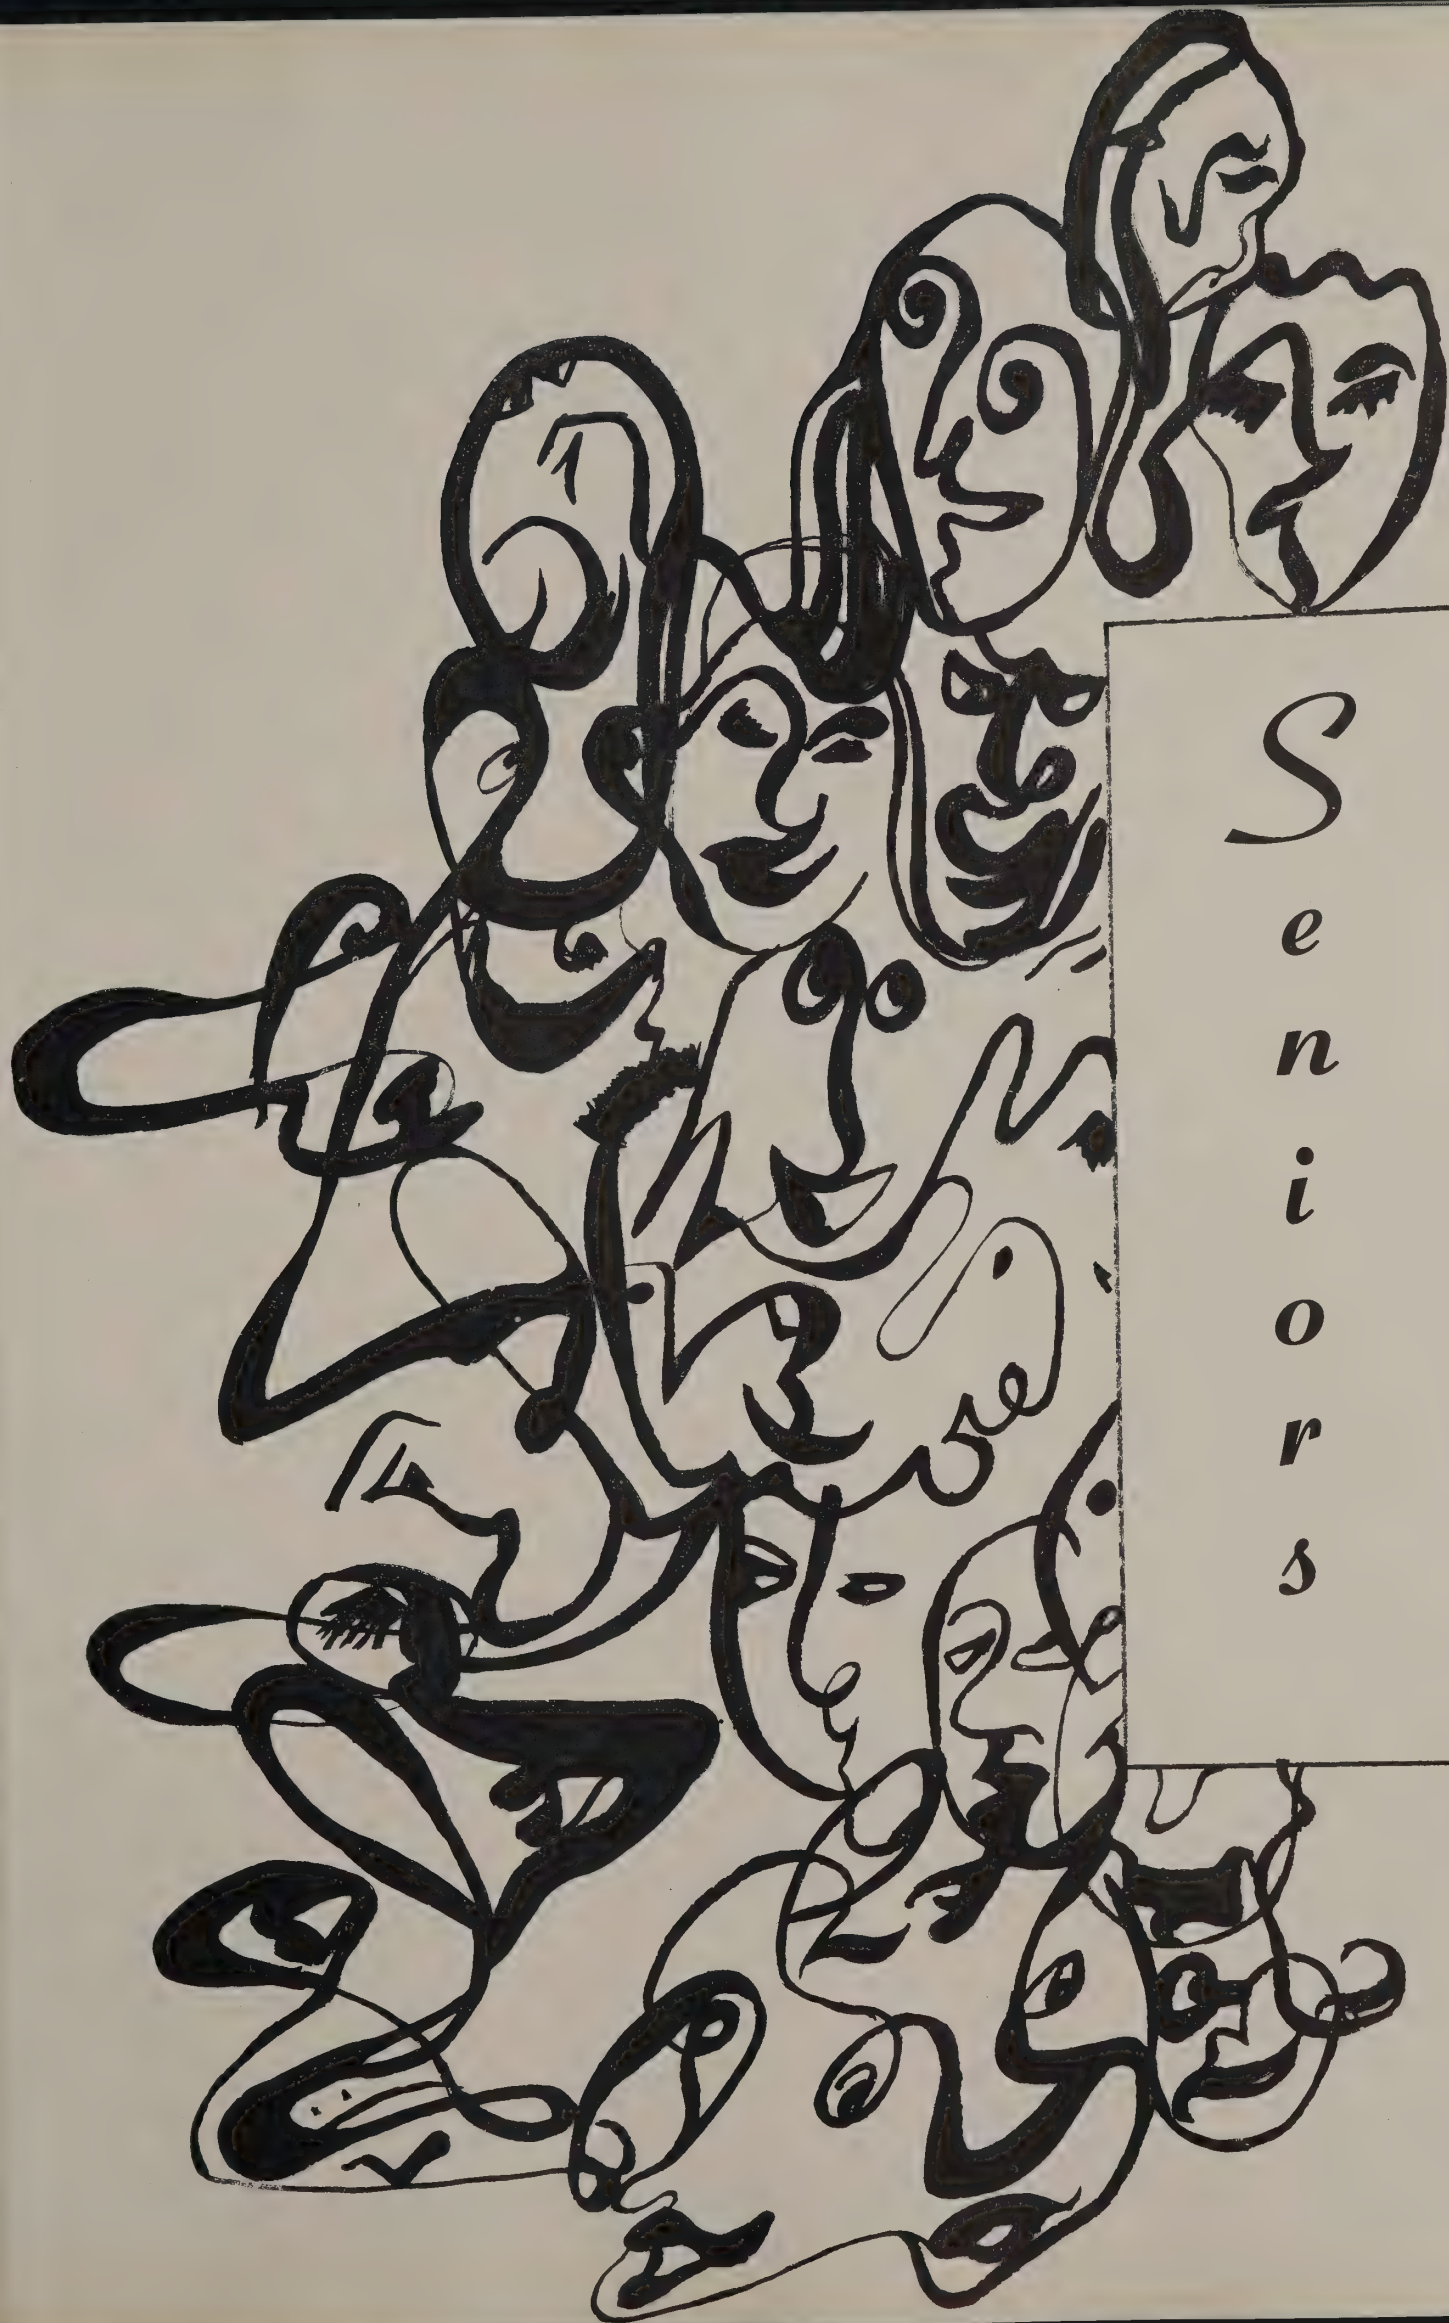

The blanket of snow that covered the lower campus is now replaced with another blanket of the sun-bathing girls in pursuit of early color from the long absence of nature's warmth.

The mild heat of spring's pleasing breeze also brings with it a romantic wave which engulfs many. As a result the number of girls wearing fraternity pins are as noticeable as the blossoming buds. Yes, the power of nature works in strange ways.

Fall and Winter have now become fond memories of the past. The future now lies ahead. I wish you the best and hope that the happiest day of your past be the saddest day of your future.

OPEN HOUSE

OPEN HOUSE

Open House Weekend, held in May each year, is a demonstration of the facilities, personnel and program of Delhi Tech. The Weekend features competitive events, exhibits, demonstrations and displays by fraternities, sorority, educational divisions and student organizations.

The weekend was divided into three days — Friday, Educator's Day; Saturday, Community Day; and Sunday, Parent's Day.

The purpose of the Open House Weekend is to show the prospective student a little of campus life at Delhi Tech.

EDITOR'S LETTER

James Cerio
Editor

Anne Adams — Co-editor

STATE UNIVERSITY OF NEW YORK
AGRICULTURAL AND TECHNICAL INSTITUTE AT DELHI

WILLIAM R. KUNSELA, Director

TECHNOLOGIES
AGRICULTURE
BUSINESS
CONSTRUCTION
FOOD ADMINISTRATION

To the Student Body:

In the preparation of a yearbook a great deal of planning is necessary before any page can be successfully laid out. First, there has to be a theme, then you must anticipate the course of events planned for the entire year. As in everything else these plans are not always followed through as anticipated. Therefore, the most difficult job of maintaining sanity comes into view. The success of a yearbook greatly depends on the dependability of the staff itself, and their loyalty and devotion to the book.

I am more than pleased with my 1961 staff. Every editor, every typist, and every artist all met their responsibilities and turned out a fine quality of work.

The photographers certainly had the fullest schedule to meet and the most responsible one also. Without pictures, good pictures, the book can not even be an idea. I cannot express my gratitude to my staff in words or actions, but if this book represents the core of your most cherished moments here, then I am sure that this is the finest way of expressing gratitude to each and every member who devoted long, hard hours to this task.

Our aim was to capture on paper memories of the past which you will want to recall for years hence. Naturally, we are not able to get all the important things pertinent to you, but the activities closest to the entire student body have been covered in these pages with you in mind.

I am pleased with the results and proud to be the editor of such a book, and such a fine staff. I hope you share my appreciation.

I wish you all the very best of good fortune and sincerely hope that the remaining years of your life keep you smiling as they have here.

Sincerely yours,
James V. Cerio
